

Armadi Monoblocco Serie SLF

SLF

SLFV

STF

SERIE SLF

Derivati direttamente dalla serie SS, gli armadi SLF sono armadi completamente saldati senza laterali asportabili ma che permettono comunque una notevole flessibilità di impiego in vari settori.

Dedicati alle soluzioni industriali che necessitano di una maggiore compattezza e solidità sfruttano tutta la gamma di accessori della serie componibile SS, permettendo la riduzione del numero di componenti accessori a magazzino.

Dati tecnici:

Telaio: ricavato da profili brevettati di spessore 15/10, con foratura passo 22. Tetto, fondo e laterali saldati.

Porta Cieca: in lamiera di acciaio di spessore 20/10 con telaio dubulare zincato di irrigidimento (Reversibile).

Porta Vetro: in lamiera di acciaio di spessore 20/10 con oblò in vetro temperato (Reversibile)

Pannelli posteriori, tetti, fondi, e chiusure fondi ingresso cavi: in lamiera di acciaio spessore 15/10

Colore: standard RAL7035 bucciato con polveri termoindurenti, Zoccolo RAL 9005.

Grado di protezione:

- IP55 in accordo con IEC EN62208 – EN60529
- Grado di protezione garantito da guarnizione poliuretana bi-componente
- Resistenza grado IK10 in accordo con IEC EN 62208 – EN 50102 - IK09 per versione con porta trasparente
